GENERAL ALPHABETICAL INDEX

Volume 166 July - December 1966

A

ACCOUNTING
Analysts stew over problem potpourri (tables) Aug. 1 ... 39
FPC wants utility accounting reports certified (N) Oct. 31 ... 32
How do you account for pension plans? Oct. 10 ... 39

ADVERTISING
see also Public Relations ... 9
Philadelphia Electric embarks on its largest ad campaign (N) Aug. 22 ... 87
Union Electric replies to Reddy's get-well card – theme for advertising following heat wave (N) Aug. 22 ... 87

AIR CONDITIONING
House on roof tests heating, cooling units (N) Nov. 28 ... *97
Restaurant crosses absorption cooling off the menu. T.I. Wetherington Jr. Dec. 12 ... *88
Total electric see **Electric Energy Marketing**

AIR POLLUTION
CEI, Ohio city combine to fight air pollution (N) Dec. 5 ... 20
Detroit Edison plans air pollution control program (N) Sept. 26 ... 21
Eastern utilities use gas to lessen air pollution (N) Dec. 5 ... 12
EEI publishes review of air pollution research (N) Sept. 5 ... 30
Environment demands new technology (Ed) Aug. 22 ... 33
Everybody talks of air pollution: two national conferences (N) Dec. 26 ... *23
Federal agency moves to control air pollution in N.Y. City-N. Jersey area (N) Dec. 12 ... 53
FPC says natural gas won't curb smog in L.A. (N) Aug. 1-11, (N) Aug 8 ... *47
National Conference on Air Pollution (N) Dec. 19 ... 11
National Conference on Air Pollution: a conference worth watching (Ed) Dec. 12 ... 51
Our environment: how utilities protect it – report. Julius Bleiweis (maps & tables) Aug. 22 ... *61-78
Air pollution Aug. 22 ... 67
PS Co of Colorado's $4-million precipitator bill is gauge of good-will Oct. 24 ... *33
PSI to replace precipitators at $10 million cost (N) Nov. 21 ... 20
SEE Engineering & Operation Section meeting Dec. 12 ... *71
SO_2 removal: still an industry challenge (tables) Dec. 12 ... 75
Tougher curbs on air pollution asked (chart) July 18 ... 17

ANNIVERSARIES
Brown Boveri observes 75th anniversary (N) Nov. 21 ... 47
Moloney celebrates 70th anniversary (N) Dec. 26 ... 59

APPLIANCES
Despite soggy housing, many appliances gain in '67 (table) Dec. 26 ... 71
EEI sales plan backs $225-million appliance promotion (N) Oct. 3 ... *139
Electric shaver sales (N) Aug. 8 ... 81
Major appliances losing out in race for consumer's dollar (N) Dec. 5 ... 45

AREA DEVELOPMENT
Georgia – what's behind industrial boom in Georgia Power area? (table) Oct. 31 ... *52
Southern Peru develops industrial potential. Carrasco & Carrasco (map) Aug. 22 ... *58

ASIA
Electrified railway comes to Pakistan (N) Nov. 14 ... *75
India – U.S. loans money for two 140-Mw generators (N) July 4 ... 21
Japan – separate moves planned on breeder, converter (N) Aug. 29 ... 21
Japan's first geothermal plant starts up (N) Oct. 24 ... 21
Japan's power feud enters nuclear arena (N) Aug. 8 ... 50
Japan to embark on two-year desalting test (N) Dec. 19 ... 21
Japan – Tokyo Electric Power's Yokosuka plant called largest in Asia (N) Aug. 8 ... *50
Japan utility rate cut disturbs other utilities (N) Sept. 12 ... 22
North Vietnam adopts Russian-made on-site units (N) Nov. 14 ... 73

ASSOCIATIONS
AEIC-EEI Meter and Service Committee meeting – remote meter reading systems (N) Nov. 28 ... 120
ASME-IEEE panel holds customer's load critical in load shedding (chart) Nov. 28 ... 81
CIGRE adopts sweeping organization changes July 4 ... *17
CIGRE Paris conference:
Power patterns for the future July 25 ... *44
Europe turns to compact switchgear July 25 ... *46
Forced cooling expands cable capacity July 25 ... *91
CIGRE – power patterns for the future absorb Paris sessions July 25 ... *44
EEI backs industrial process heating (N) Oct. 31 ... 68
EEI Electrical Systems and Equipment Conference – An engineering milestone to remember (Ed) Oct. 31 ... 29
EEI-General Atomic zinc-air battery project – utilities give added push (N) Sept. 19 ... *63
EEI publishes review of air pollution research (N) Sept. 5 ... 30
EEI sales plan backs $225-million appliance promotion (N) Oct. 3 ... *139
EEI sets industrial relations talks (N) Sept. 5 ... 87
EEI Systems & Equipment Committee honors former members at Charlotte meeting Nov. 21 ... *29
EEI's 40th semi-annual power survey (N, charts) Dec. 12 ... 62

(Ed) Editorial. * Illustrated. (N) News.

IAEA tenth General Conference (N) Oct. 17 157
IEEE names new Fellows (N) Dec. 19 19
IEEE New Orleans meeting hears schemes for system reliability Sept. 5 .... *44
IEEE prints advance papers for URD meet (N) Sept. 5 .... *34
IEEE Underground Conference (N) Oct. 3 .... *83
IEEE UD conference to feature design, methods, equipment Sept. 19 87
What will be at UD exhibit Sept. 19 .... *88
Guide to the exposition Sept. 19 91
IEEE UD meeting – Sense of urgency sparks UD meeting (Ed) Oct. 10 9
NECA produces electric heating training course (N) Oct. 3 137
NEMA faces big change (N) Oct. 31 36
NEMA hears proposal for establishment of a standards council (N) Nov. 21 14
NEMA, new president John R. Morrill, urges bigger role in politics (N) Nov. 28 .... *58
NEMA parley discusses government in business (N) Nov. 28 .... *57
NEMA to relate appliance shipments to retailers (N) Sept. 19 245
NRECA financing see **Financial Affairs**
National Conference on Air Pollution: a conference worth watching (Ed) Dec. 12 51
Power Distribution Conference Dec. 12 183
SEE Engineering & Operation Section meeting Dec. 12 .... *71
United States of America Standards Institute replaces American Standards Assn (N) .... Sept. 26 21
World Power Conference discusses value of reliability (N) Oct. 24 11
World Power Conference – 89 US delegates to attend Tokyo parley (N) Sept. 5 31
Youth Conference on the Atom (N) Nov. 14 .... *74

ATOMIC ENERGY

see Nuclear Power 8

ATOMIC ENERGY COMMISSION

Deactivating sodium reactor experiment (N) Dec. 19 21
Revised system of operating specs for reactor operation suggested (N) Aug. 29 11
SLAC project – accelerator's 20-Bev beam takes heavy power input. A.A. Tseng (tables) Aug. 8 .... *61
Weighs Indian Point 2 (N) Sept. 26 18

B

BATTERIES

Electric car idea is out front again Dec. 12 .... *72
Ford's electric car feature is sodium-sulfide battery (N) Oct. 10 11
Zinc-air battery project – utilities give added push (N) Sept. 19 .... *63

BOILERS

Control components aid boiler safety (N) Oct. 24 47
Electric proves quick way to solve boiler problem (N) Aug. 8 .... *81
Hydrogen-oxygen boiler undergoes research (N) Oct. 10 21
Once-through boiler brings revised start-up procedures. A.H. Rudd (charts) Sept. 12 .... *31

BONNEVILLE POWER ADMINISTRATION

Black, David S. plans public, private power cooperation (N) Oct. 10 21
Celilo Converter Station – architectural treatment featured in HVDC terminal Aug. 29 .... *29
Hydro to bow to atom in mid-'70s (N) Oct. 31 .. 37
Orders Japanese transformers (N) Nov. 14 138
Our environment report: compatability with environment not concealment softens aura of mystery Aug. 22 .... *74
Pacific Intertie ± 400-kv dc line design parameters determined (table) July 18 .... *31
Panel holds customer's load critical in load shedding (chart) Nov. 28 81
Restores delivery to interruptible loads (N) Nov. 21 12

BRITISH ISLES

Budget cuts strain Britain's area boards (N) Aug. 22 44
Ferrybridge collapse report cites wind-force design. J.H.M. Sykes Dec. 26 .... *42
Government spending cutback crimps CEGB (N) Aug. 1 13
Northern Ireland and Irish Free State interconnection seen (N) Oct. 17 72
Scotland Electricity Board needs rate boost (N) July 4 21

BUREAU OF RECLAMATION

see Reclamation Bureau 9

BUSHINGS

HVDC wall bushing tested (N) Oct. 24 .... *47

C

CABLES

APS proves out underground cable monitoring system. Gordon McDonald & others Aug. 29 .... *32
B.C. Hydro to add submarine dc ties to Vancouver Island (N) Nov. 28 93
CIGRE conference – forced cooling expands cable capacity July 25 .... *91
Fuse-type cable limiter clears fault in cycle. M.B. Smith Dec. 12 .... *81
Indiana & Michigan Electric's improved heating cable fault locator proves its worth. Small & Miller Aug. 8 .... *99
Okonite plans new plant in California (N) Nov. 7 .... *45
Simplex building in Maine (N) Aug. 22 .... *92
Sodium cable runs through more paces (N) July 25 .... *34
Sodium cable – why it failed (N) Nov. 7 19
Sub cable promises island an outage-free winter Dec. 12 .... *116
34.5 kv underwater cable in place for Orcas P&L San Juan islands customers (N) Oct. 31 .... *37
URD costs cut by new primary cable loop design. H.E. Forbes Aug. 1 .... *32

CANADA

B.C. Hydro micro network nears finish (N) Nov. 28 93
B.C. Hydro ponders restoration of rate cuts (N) Dec. 5 20
B.C. Hydro to add submarine dc ties to Vancouver Island (N) Nov. 28 93
Canadian utilities promote beautility (N) Dec. 26 26
Churchill Falls hydro project decision due (N) Sept. 5 23
Decision off again (N) Sept. 19 64
Churchill Falls power agreement – Hydro Quebec sitting in the driver's seat (N, map) Oct. 31 105
Churchill Falls power must be under 4 mills to justify alternative to local nuclear power, says New England Council (maps & table) July 4 34
Churchill Falls – will US get a share of Churchill Falls power? (N) Oct. 17 .... *79
Newfoundland utilities merger (N) Oct. 3 78
Nova Scotia complex all-electric (N) Dec. 19 .. *45
Nova Scotia slates heavy-water plant (N) July 18 21
Ontario Hydro water depression systems change generators to condensers. J.R. Taylor (charts) Aug. 22 .... *53
Saskatchewan in bid for GE plant (N) July 4 21

CAPACITORS

Philadelphia Electric's underground kvar program awaits proper switched unit. W.L. Maruchi (charts & table) Oct. 10 32
Series capacitors boost EHV system capability. A.B. Pyle (charts) Dec. 26 .... *46

CAPACITY ADDITIONS

Half generating capacity ordered this year is nuclear – EEI survey (N) Nov. 28 51

CARRIER CURRENT

see Communications, Controls 3

CIRCUIT BREAKERS

Guard dc source Sept. 5 .... *54
Largest circuit breaker of type tested in Japan (N) Oct. 3 .... *150
115-161-kv OCB's pass low-side switching test. Lokay & Cushing (charts & table) July 25 48
Optimize OCB interrupter by varying its exhaust area. W.J. Smith Oct. 3 .... *111
Prices (N) Nov. 14-68, (N) Nov. 21-14, (N) Nov 28 54
Resistors in 500-kv CB's suppress surge voltage. C.L. Wagner & others Nov. 21 .... *32

COMMUNICATIONS

B.C. Hydro micro network nears finish (N) Nov. 28 93
Is anybody listening? Pt I Aug. 29 *39, Pt II Sept. 12 .... *39
Requests for aid speeded to work dispatcher at Boston Edison. E.G. Woods Jr. Dec. 12 *110
Weekly taped messages keep salesmen up to date at Westinghouse (N) July 25 .... *69

COMPUTERS

Ac supply shields computer against short outages Dec. 12 183
Bethlehem Steel's new hot sheet mill computer controlled (N) Nov. 28 .... *99
Coal-fired unit automated completely at Lee Station. E.G. Hollowell July 25 .... *41
Computer designs distribution protection. R.A. Wylie & others (charts) Dec. 12 78
Computer stores references on nuclear technology (N) Dec 5 20
Computer to control new plant at Canal plant (N) Dec. 26 60
Dartmouth students' studies geared to time-shared computer Oct. 10 .... *29
EDP use: the question's not whether – it's how (table) Oct. 17 .... *153
GRAD, computer helps college grads look for jobs (N) Oct. 24 21
Grand Coulee Dam computer system will cut costs (N) July 25 .... *67
High-speed translator ups efficacy of system study operations at Con Ed Aug. 8 76
Hydro system optimization: a challenge to research. J.A. Eikelman Jr. Nov. 28 .... *74
Information retrieval heart of data file. H.L. Smith (chart & table) Aug. 29 30
Machine reads handwritten business forms (N) Oct. 17 136
Meter tapes readied directly for computer. N.I. Saven Oct. 17 .... *89
Nevada Power's Reid Gardner Station Unit 1 coal-fired plant lights off burners automatically. Zornes & Olson Nov. 28 .... *71
NUFUEL computer code gives accurate nuclear fuel costs. G.H. Dyer Nov. 28 .... *77
Westinghouse's stability study eased by computer program improvements (N) July 11 101
What next in automating system operation? R.D. Webster Nov. 14 .... *90

CONDENSERS

Desalting tubes set record (N) Dec. 26 59

CONDUCTORS

All-gray color next step to armless distribution. R.J. Butrym Dec. 26 .... *44
Conductors bundles at 60 ft/min. J.C. Mitchell Oct. 17 .... *96

CONNECTORS

Second generation connector ups UD security, eases maintenance. Ruete & Guidera. Sept. 19 .... *86
Secondary junction connector eases URD installation at Arizona PS. Wiestling & McCoy. Sept. 19 .... *103

CONSTRUCTION

Add brackets to padmounts for CT installation. C.E. Stanley Sept. 19 .... *143
Circular plate welded to pole ends scuffed roads. R.G. LeBlanc Sept. 5 .... *52
Custom-rigged truck lays cable directly into trench Sept. 19 .... *52
Electric Utility Methods – reports. McGraw & Austin Aug. 8 *89-158, Sept. 19 *93-234, Dec. 12 .... *99-168
Evaluation program nets standard hot-line tool kits, retires old tools. J. Holeman & others Dec. 12 .... *114
Guides for safe, efficient use of derrick-diggers and other aerial rigs Oct. 3 .... *109
Heavy columns slim building (N) Dec. 12 .... *94
H-frame towers set in grout, eliminates need for anchor bolts. Clarence Whalin Dec. 26 .. *50
Housing: asleep until Spring, or maybe longer (chart & table) Dec. 26 .... *69

(Ed) Editorial. *Illustrated. (N) News.

How construction fared in 1966, where it's headed (table) Oct. 31 ... 89
Hv structures foresee second circuit. M.C. Johnson Nov. 14 ... *95
Hydraulic ram assembles steel pole section in field. M.E. Landry Aug. 8 ... *115
Kansas G&E uses two devices to pull lead-line through duct or riser. George Chandler Sept. 19 ... *122
Laminated wood utility structures combine aesthetics and economy Oct. 31 ... *62
Less houses, more factories, roads, in '66 (table) Aug. 22 ... *99
LILCo's Northport station features off-shore oil depot, noise abatement. Kelly & Wells (map) Oct. 31 ... *47
Manhole rings form transformer pads Sept. 19.. *158
Mark hot sticks for safe minimum working distances. Ira Smithee (table) Oct. 17 ... *95
Nuclear plants keep coming (table) July 11 ... *53
Office building using new translucent material ideal for electric heat (N) Sept. 19 ... *245
Pacific P&L vibrating 'tooth' plows rural line into road shoulder. Clay Brown Sept. 19 ... *111
Penelec evaluates plowing equipment Sept. 19 *148
Plow tested in laboratory Sept. 19 ... *148
Pole placing – inner tube solves holding problem. R.G. LeBlanc Aug. 8 ... *118
Portland GE – 'copter sprays protective coating on wood spar arms. S.P. Samsel Dec. 12 *101
Public Service G&E's transformer's nonmetallic tank makes 13 kv safer. H.L. Thwaites & others Oct. 3 ... *102
Puget Sound P&L crew quick-shifted to UD work. Pollard & Eide Sept. 19 ... *95
Puget Sound P&L substation blends into wooded, sloped terrain Oct. 17 ... *92
Rig rises to splicing and deadending job. Paul Selonke Oct. 31 ... *59
Rope – new double-braided rope proves ideal for stringing, winching. Neil MacKenna Dec. 26 ... *51
Ryan Homes, Inc plans total-electric developments in 12 cities (N) July 18 ... 13
San Diego GE's plow-in technique speeds buried circuit to mountain top. W.A. Davis Dec. 12 ... *109
Screw cap permits re-entry to submersible splice Sept. 19 ... *154
Secondary junction connector eases URD installation at Arizona PS. Wiestling & McCoy Sept. 19 ... *103
17th annual electrical industry forecast. A.J. Stegeman (charts & tables) Oct. 3 ... 113
SMUD buries 22 transformers. Browning & Jones Sept. 19 ... *147
Spare plastic duct provides 'hole' for future cable. C.J. McCan Sept. 19 ... *157
Subsurface junction box for primary taps. J.C. Eide Sept. 19 ... *158
The swing from turnkey nuclear is solidifying (Ed) July 4 ... 9
34.5-kv URD proves economical for Reston, Va. Smith & Van Wormer Aug. 15 ... *29
Tighten couplings on ground rods Aug. 8 ... *117
Time-saving indicated by plowing-in of cable Sept. 19 ... *112
Trouble-free Y-splices made with adhesive epoxy putty Dec. 12 ... *120
Tubular tower rises 136 feet, 11 feet across (N) Dec. 5 ... *47
Underground equipment demonstrated by Illinois Bell Telephone (N) Oct. 10 ... *47
Vibrating plow aids cable laying. G.R. Lufsey Sept. 19 ... *151
Virginia Electric & Power Co's new methods, tools cut URD installation time and costs Aug. 8 ... *108
Virginia Electric & Power converts 115-kv H-frame line to double circuit with 230 kv. F.A. Shelton Aug. 8 ... *96

CONTROLS

Allegheny Power's Fort Martin water treatment system gets control cubicle (N) Sept. 19 ... *249
Coal block alarms at TVA station Sept. 5 ... *52
Coal-fired unit automated completely at Lee Station. E.G. Hollowell July 25 ... *41
Computer to control new plant at Canal (N) Dec. 26 ... 60
Control components aid boiler safety (N) Oct. 24 47
Fault-gas monitor warns of transformer trouble (N) July 4 ... *47
French plan tight systems for country and capital. J.H.M. Sykes (maps & table) Dec. 12 ... *67
Line monitors use solid-state in circuitry (N) July 25 ... *69
Line Sentry monitors rate-of-change of line frequency. G.J. Crowdes Sept. 5 ... *53
Monitoring device warns of stopped turbine rotor. O.C. Swihart July 25 ... *55
Motor controls feature vacuum quench method (N) Aug. 1 ... *47
Neal Shoals plant to be fully automated (N) July 18 ... 21
Nevada Power's Reid Gardner Station Unit 1 coal-fired plant lights off burners automatically. Zornes & Olson Nov. 28 ... *71
Northern States Power's new distribution carrier system proved out by test. Slothower & Howard Nov. 7 ... *29
Projector screen enlarges diagrams before operator at Louisiana P&L control center. Serice & Cheramie Sept. 26 ... *29
Radio signal dumps coal from new unit train at United Power Assn's Stanton lignite unit (N) Oct. 3 ... *87
Supervisory control system Super-Trol II developed for utility operations (N) Sept. 26 *47
What next in automating system operation? R.D. Webster Nov. 14 ... *90

COOPERATIVES

see also Rural Electrification Administration.. 10
Colorado-Ute's plant
FPC asked to help save co-op to keep 'illegal' plant in operation (N) Sept. 19 61
FPC to await court ruling (N) Oct. 24 ... 18
Supreme Court declines plea (N) Oct. 31 ... 31
"Illegal" plant keeps going (N) Dec. 26 ... 27
Co-ops griped over plea to cut spending (N) Dec. 12 ... 62
New Mexico co-ops seek state regulation (N) July 11 ... 49
Peace Corps sparks Brazilian co-ops (N) Oct. 3 *86
Raft River co-op bids to serve Utah plants (N) Oct. 3 ... 85
REA bank bill see **Financial Affairs**
Tri-State Generation & Transmission Assn. Inc., seeks to avoid rate regulation (N) July 11 ... 55
Wyoming utilities win round in co-op rate case (N) Aug. 1 ... 19

CORPORATE CHANGES

Allis, Louis Co and Litton Industries map merger (N) Oct. 3 ... 80
CEI and Ohio Edison merger "quite likely" (N) Nov. 7 ... 12
Commonwealth Edison, Central Illinois G&E merger defended (N) Aug. 1 ... 21
Merger okayed by FPC (N) Dec. 12 ... 60
Consolidation Coal acquisition by Continental Oil approved (N) Sept. 5 ... 26
Consolidation Coal and Continental Oil merged companies plan total energy marketing (N) Oct. 3 ... *143
Greenwood County, S.C. sells electric system to Duke Power (N) Oct. 10 ... 21
Gulton Industries acquires Southern States (N) Nov. 7 ... 14
Kennecott Copper may purchase Peabody Coal Co (N) July 18-14, (N) July 25 ... 26
New England's big three launch affiliation study (N)(map) Sept. 5 ... 31
Newfoundland utilities merger (N) Oct. 3 ... 78
Northeast Utilities offers to acquire Holyoke Water Power Co stock (N) Nov. 14 ... 66
Ormet's interests in Kammer Station sought (N) Dec. 19 ... 21
Pacific G&E merger with Indian Valley L&P (N) Aug. 29 ... 21
Philadelphia Electric-Atlantic City Electric merger – Delmarva P&L drops out (N) July 4 ... 12
Merger talks off (N) Sept. 26 ... 11
Sangamo buys Transitel (N) July 11 ... 50
Wagner Electric and Studebaker program to explore merger (N) Dec. 26 ... 20

D

DESALINIZATION

Aul desalting process said to produce its own power (N) July 11 ... 56
California offshore nuclear power-desalting plant approved (N) Aug. 15 ... 12
Japan to embark on two-year desalting tests (N) Dec. 19 ... 21
MWD approves plans for largest water-kw plant (N) Aug. 29 ... 19
Nuclear water desalting gains with power output. Stinson & O'Toole Oct. 3 ... *100
San Diego G&E begins work on 'model' for desalting unit (N) Sept. 12 ... *21

DISPATCHING

see Systems Engineering ... 10

DISTRIBUTION

Ac supply shields computer against short outages Dec. 12 ... 183
All-gray color next step to armless distribution. R.J. Butrym Dec. 26 ... *44
All-gray distribution goes on trial at Commonwealth Edison. I.R. Lietzke Aug. 1 ... *35
Computer designs distribution protection. R.A. Wylie & others (charts) Dec. 12 ... 78
Consumers Power Co's armless distribution – environment dictates new look in overhead Aug. 8 ... *70
Evaluation program nets standard hot-line tool kits, retires old tools. J.S. Holeman & others Dec. 12 ... *114
Fuse-type cable limiter clears fault in ½ cycle. M.R. Smith Dec. 12 ... *81
Great Britain's area boards strained by budget cuts (N) Aug. 22 ... 44
Gulf Coast beaches' economic study prompts choice of 25-kv distribution. E.J. O'Connor (map, charts, tables) Sept. 5 ... 47
Iowa Electric L&P total-electric operating center doubles as showcase. Collins & Ford Aug. 8 ... *68
Las Vegas. 'glitter' load needs higher voltage. R.J. Hesketh Oct. 24 ... *34
New program tackles long-range planning Dec. 12 ... 183
1967: Year of Interties deposes Year of the Atom (map) Dec. 26 ... *37
Northern States Power's new distribution carrier system proved out by test. Slothower & Howard Nov. 7 ... *29
OSAR project advisory board named (N) July 4 21
17th annual electrical industry forecast. A.J. Stegeman (charts & tables) Oct. 3 ... 113
These equations simplify transformer calculations. E.J. Leimkuhler (charts) Dec. 12 ... 76
Total-electric gets boost in high-rise dwellings. W.C. Mescher Sept. 12 ... *36

DISTRIBUTION, UNDERGROUND

Approach to a standard for residential subway transformer systems. R.F. Propst Aug. 8 ... *75
Arrester limits set for URD systems. R.W. Powell (chart & table) July 18 ... 35
Attack on UD methods will bring lower costs (Ed) Sept. 19 ... 51
Burial dictates rugged transformer coatings; boosts testing demands. H.W. Dornbush (table) Nov. 28 ... 83
California cities want UG rule for subdivisions (N) Aug. 8 ... 48
California UD hearings (N) Nov. 7-21, (N) Dec. 5 ... 20
Electric utility methods in underground distribution – report. McGraw & Austin Sept. 19 ... *93-234
Fused pedestal protects UD services at Montana Power. S.W. Hedrick Sept. 19 ... *137
IEEE prints advance papers for URD meet (N) Sept. 5 ... *34
IEEE Underground Conference marked by urgent tone (N) Oct. 3 ... *83
IEEE UD meeting – Sense of urgency sparks UD meeting (Ed) Oct. 10 ... 9
Illinois Power Co's 10-year refurbishing begins on city, farm distribution Sept. 19 ... *82
Lab tests simulate URD transformer conditions. G.R. Acker (charts & table) Sept. 19 ... *78
Leisure World: tops in UD and total electric. S.W. Laird Sept. 19 ... *141
LILCo sees URD gaining momemtum. K.D. Smalling Sept. 19 ... *169
Maryland PSC rules communities that demand underground must pay (N) July 11-47, (N) July 18 ... 18
Met Ed sets UD policies (N) Oct. 10 ... 19
Missouri PS foots bill for street lights. J.W. Stephens Sept. 19 ... *167
Modified pole-top transformer helps to cut URD costs at CEI Sept. 19 ... 135
Open-delta padmounts simplify change to UD. C.R. Jackson (chart) Sept. 19 ... 135
Pacific P&L vibrating 'tooth' plows rural line into road shoulder. Clay Brown Sept. 19 ... *111
Pateros, Wash. – $19,900 balks UD street lighting system (N) Aug. 29 ... 21
PEPCo warns of extra charges for URD (N) Aug. 15 ... 22
Philadelphia Electric's underground kvar program awaits proper switched unit. W.L. Maruchi (charts & table) Oct. 10 ... 32

(Ed) Editorial. * Illustrated. (N) News.

Prove-safe voltage and fault indication system for URD. R.H. Arndt Sept. 19 ... *85
Puget Sound P&L overhead crew quick-shifted to UD work. Pollard & Eide Sept. 19 ... *95
Puget Sound P&L substation blends into wooded, sloped terrain; URD, conversion to underground promoted Oct. 17 ... *92
Puget Sound P&L tells public about UG projects (N) Aug. 1 ... *19
Sacramento, Calif. redevelopment project – URD will be feature (N) Sept. 5 ... 23
San Antonio, Texas URD slowed by copper shortage (N) Nov. 14 ... 131
San Diego GE's plow-in technique speeds buried circuit to mountain top. W.A. Davis Dec. 12 ... *109
Seattle City Light converting huge project to UD (N) Nov. 21 ... 23
Second generation connectors up UD security, ease maintenance. Ruete & Guidera Sept. 19 ... *86
Secondary junction connector eases URD installation at Arizona PS. Wiestling & McCoy Sept. 19 ... *103
17th annual electrical industry forecast. A.J. Stegeman (charts & tables) Oct. 3 ... 113

Sodium cable runs through more tests (N) July 25 ... *34
Test hydraulic hose for hv conductivity. R.C. Hale (table) July 25 ... 53
Thyristor converters for HVDC to be optimized (N) Aug. 29 ... *47
UG transmission research will test cables in 500-kv range (N) Oct. 31 ... 98
Water boxes for PG&E condensers tested (N) Nov. 28 ... *100
Wood design for 500-kv meets heavy loading tests (N) Aug. 8 ... *85

TRANSFORMERS

Adapter plate maintains circuit during transformer changeout at San Diego G&E. H.C. Zalabak Sept. 19 ... 126
Add brackets to padmounts for CT installation. C.E. Stanley Sept. 19 ... *143
Approach to a standard for residential subway transformer systems. R.F. Propst Aug. 8 ... *75
Barrier covers primary padmount compartment. R.W. Hawkins Sept. 19 ... *164
BPA orders Japanese transformers (N) Nov. 14 ... 138
Burial dictates rugged transformer coatings; boosts testing demands. H.W. Dornbush (table) Nov. 28 ... 83
Can sub-surface transformers have pole-top loadability? Lockie & Galloway (chart) Sept. 26 ... *33
EHV transformers shipped to Arkansas P&L (N) Aug. 22 ... *92
Fault-gas monitor warns of transformer trouble (N) July 4 ... *47
GE cuts size and weight of transformers (N) July 4 ... 47
HVDC transformer passes electrical tests series (N) Dec. 5 ... *47
Lab tests simulate URD transformer conditions. G.R. Acker (charts & table) Sept. 19 ... *78
Line Material Industries to boost production (N) Nov. 21 ... 47
Lucite tubes cover cable in pad-mount transformer Sept. 19 ... *154
Manhole rings form transformer pads Sept. 19 ... *158
Modified pole-top transformer helps to cut URD costs at CEI Sept. 19 ... 135
Open-delta padmounts simplify change to UD. C.R. Jackson (chart) Sept. 19 ... 135
Prices (N) Aug. 22-38, (N) Sept. 12-14, (N) Nov. 7-14, (N) Dec. 5 ... 14
Public Service G&E's transformer's nonmetallic tank makes 13 kv safer. H.L. Thwaites & others Oct. 3 ... *102
Redesign trims fat off substation transformers. E.I. Hoyle Oct. 31 ... *61
640-Mva transformer goes to Michoud plant (N) Oct. 17 ... *136
SMUD buries 22 transformers. Browning & Jones Sept. 19 ... *147
Submersible transformer loading sparks debate (tables) Nov. 14 ... *85
Tap changers use vacuum interrupters (N) Aug. 8 ... *85
TVA awards 500-kv power transformer order to ASEA (N) Sept. 26 ... 14
These equations simplify transformer calculations. E.J. Leimkuhler (charts) Dec. 12 ... 76
Transformer per house (URT) challenges other URD designs. A.G. Dahl Sept. 5 ... *39
Transformers for URD go completely underground. M.W. Rice. Sept. 19 ... *117
Voltage regulators needed to reduce URD costs. H.G. Sokop Sept. 19 ... *75

TRANSMISSION

Advanced insulation design applied to APS 500-kv line. Guyker & Hileman (charts & tables) Oct. 31 ... *55
AEP's 765-kv line – designs researched (N) July 25 ... 67
'Cage' ties into 345-kv for field surge tests on Northern States Power lines. Weber & Alexander Aug. 1 ... *29
Changing patterns of power pooling – report. W.D. Brown (maps & charts) Nov. 14 ... *97-116
Commonwealth Edison adds 138-kv spur (N) July 25 ... *33
Consider new factors for system stability Dec. 26 ... 78
Designer Henry Dreyfuss tackles transmission towers (N) Aug. 29 ... *19
FPC regulation – This job is already being well done! (Ed) Aug. 29 ... 9
French plan tight systems for country and capital. J.H.M. Sykes (maps & table) Dec. 12 ... *67
Iowa Electric L&P total-electric operating center doubles as showcase. Collins & Ford Aug. 8 ... *68
Laminated wood utility structures combine aesthetics and economy Oct. 31 ... *62
Line Material Industries' new facility will make station-class arresters (N) Dec.19 ... *47
1967: Year of Interties deposes Year of the Atom (map) Dec. 26 ... *37
Our environment: how utilities protect it – report. Julius Bleiweis (maps & tables) Aug. 22 ... *61-78
EHV cable put under New York harbor Aug. 22 ... *73
'Batter up' heard on right-of-way Aug. 22 ... *73
Overhead lines – Senate okays study on impact of overhead lines on scenic and property values (N) Sept. 12 ... 11
Pacific Intertie ≥ 400-kv dc line design parameters determined (table) July 18 ... *31
Plastic pipelines suggested for UD transmission (N) Aug. 22 ... 37
Poles designed to provide clearances for conversion in coastal North Carolina. Woodson & Whitlow (chart) Dec. 19 ... *29
Portland GE – 'Copter sprays protective coating on wood spar arms. S.P. Samsel Dec. 12 ... *101
Public invited to share transmission right of way. H.S. Conover Oct. 10 ... *31
Series capacitors boost EHV system capability. A.B. Pyle (charts) Dec. 26 ... *46
17th annual electrical industry forecast. A.J. Stegeman (charts & tables) Oct. 3 ... 113
Siberia's Bratsk Hydro Station – output will soon top 4,000 Mw Nov. 7 ... *32
TVA studies single-pole switching on 500-kv line. Leo Edwards (map) Aug. 22 ... *56
Thoughts about an East-West closure (Ed) Nov. 14 ... 63
Tubular tower rises 136 feet, 11 feet across (N) Dec. 5 ... *47
UG research will test cables in 500-kv range (N) Oct. 31 ... 98

(Ed) Editorial. *Illustrated. (N) News.

Underground transmission R&D planned (N) Oct. 3 85
USSR unmasks ± 400-kv dc, bares plans for ± 750 kv. J.H.M. Sykes Nov. 14 ..... *92
Universal test portal July 25 ..... *54
Virginia Electric & Power converts 115-kv H-frame to double circuit with 230 kv. F.A. Shelton Aug. 8 ..... *96
Wood design for 500-kv meets heavy loading tests (N) Aug. 8 ..... *85

TRUCKS & TRAILERS
see Vehicles 12

TURBINES
Combined HP-IP sections maintain turbine efficiency and cost saving. R.O. Brown Dec. 12 ..... *82
Gas turbine will be used for peaking at San Diego G&E (N) Nov. 14 ..... *137
Monitoring device warns of stopped turbine rotor. O.C. Swihart July 25 ..... *55
Orders placed for $64-million worth of gas turbines (N) Oct. 17 74
Philadelphia Electric's Muddy Run plant to get giant turbines (N) Sept. 26 ..... *47
TVA studies single-pole switching on 500-kv line. Leo Edwards (map) Aug. 22 ..... *56
Yugoslavia – gas turbine plant on line in Belgrade (N) Dec. 26 ..... *26

V

VEHICLES
Added storage space 'found' on utility bucket trucks. E.W. Tschirn Aug. 8 ..... *116
Aerial buckets – specify, train, and inspect for aerial bucket safety. W.A. Rigg Aug. 8 *91
Aerial rig rises to splicing and deadending jobs. Paul Selonke Oct. 31 ..... *59
Cable splicing van is compact, functional Sept. 19 ..... *112
Custom-rigged truck lays cable directly into trench Sept. 19 ..... *152
Guides for safe, efficient use of derrick-diggers and other aerial rigs Oct. 3 ..... *109
Mobile crane handles 25-ft to 95-ft poles Aug. 8 ..... *116
Vibrating plow aids cable laying. G.R. Lufsey Sept. 19 ..... *151

VOLTAGE REGULATION
Guard dc source Sept. 5 ..... *54
Las Vegas, 'glitter' load needs higher voltage. R.J. Hesketh Oct. 24 ..... *34
115-161-kv OCB's pass low-side switching test. Lokay & Cushing (charts & table) July 25 48
Overvoltage transients follow load rejection. Hedman & Schulz Oct. 3 ..... *107
Voltage regulators needed to reduce URD costs. H.G. Sokop Sept. 19 ..... *75

W

WELDING
Expanding device aligns lighting standard for welding. G.F. Myers Oct. 31 ..... *60
Stainless steel welding used against pitting (N) Dec. 26 ..... *59

WIRING
Preassembled wiring used in 800-ft Keystone stack (N) July 11 ..... *102

(Ed) Editorial. * Illustrated. (N) News.

COMPANY INDEX

Alabama Electric Cooperative, Inc – Alabama Power gets injunction against company (N) Aug. 1 21
Alabama Power Co – Injunction against Alabama Electric Cooperative, Inc (N) Aug. 1 21
Strike (N) Aug. 22-35, (N) Aug. 29-11, (N) Sept. 12-*17, (N) Oct. 3-77, (N) Oct. 17-72, (N) Oct. 24 12
URD costs cut by new primary cable loop design. H.E. Forbes Aug. 1 ..... *32
White collar men keep power flowing (N) Oct. 10 ..... *17
Allegheny Power Systems Inc – Advanced insulation design applied to 500-kv line. Guyker & Hileman (charts & tables) Oct 31 ..... *55
Booklet plugs tourist attractions (N) Oct. 24 .. 21
Control cubicle for Fort Martin's water (N) Sept. 19 ..... *249
Plans 1,080-Mw coal-fired plant (N) Sept. 26.... 11
Allis, Louis Co – Merger with Litton Industries (N) Oct. 3 80
American Electric Power System – Designs for 765-kv line researched (N) July 25 67
High stacks help curb pollution dilute SO_2 in upper air Aug. 22 ..... *71
Nuclear plant – 1,000-Mw plant planned (N) Dec. 19 11
Evaluated (N, map) Dec. 26 25
765-kv studies initiated on new network analyzer (N) Sept. 12 ..... *47
Spom, Philip – new book "Research in Electric Power" July 4-39, July 11 111
Anaconda Wire & Cable Co – APS proves out underground cable monitoring system. E.D. Eich & others Aug. 29 ..... *32
API Instruments Co – Line monitors use solid-state in circuitry (N) July 25 ..... *69
Monitor rate-of-change of line frequency. G.J. Crowdes Sept. 5 ..... *53
Appalachian Power Co – Questions state tax on bank deposits (N) Nov. 21 23
Arizona Public Service Co – APS proves out underground cable monitoring system. Gordon McDonald & others Aug. 29 ..... *32
Four Corners, out-of-state plant, still in rate base (N) Sept. 12 22
Secondary junction connector eases URD installation. Wiestling & McCoy Sept. 19.... *103
Arkansas Power & Light Co – EHV transformers (N) Aug. 22 ..... *92
Transformers for URD go completely underground. M.W. Rice Sept. 19 ..... *117
Atlantic City Electric Co – Philadelphia Electric merger, Delmarva P&L drops out (N) July 4 12
Talks off (N) Sept. 26 11
Atomic Power Development Associates – EEI announces research program to develop plutonium as fuel (N) Aug. 1 11
Enrico Fermi breeder-reactor generates 1-million kwhr (N) Aug. 15 12
Atomics International – Hallam nuclear facility will be dismantled (N) Aug. 22 92

Babcock & Wilcox Co – Once-through boiler brings revised start-up procedures. A.H. Rudd Sept. 12 31
Baltimore Gas & Electric Co – Mobile crane handles 25-ft to 95-ft poles Aug. 8 ..... *116
Tank rack quickly frees survival gear Aug. 8 .. *107
These equations simplify transformer calculations. E.J. Leimkuhler Dec. 12 76
Bechtel Corp – NUFUEL computer code gives accurate nuclear fuel costs. G.H. Dyer Nov. 28 77
Bethlehem Steel Corp – New hot sheet steel mill computer controlled (N) Nov. 28 ..... *99
Boston Edison Co – New England's big three launch affiliation study (N) (map) Sept 5 31
Requests for aid speeded to work dispatchers. E.G. Woods-Jr Dec. 12 ..... *110
Sodium cable & why it failed (N) Nov. 7 19
British Columbia Hydro & Power Authority – Micro network nears finish (N) Nov. 28 93
Plans building shaped like a transformer (N) Sept. 12 22
Ponders restoration of rate cuts (N) Dec. 5 20
To add submarine dc ties to Vancouver Island (N) Nov. 28 93
Brown Boveri & Co – 75th anniversary (N) Nov. 21 47
Burndy Corp – Secondary junction connector eases URD installation. McCoy & Wiestling Sept. 19 ..... *103

Canadian General Electric Co Ltd – Heavy-water plant for Nova Scotia (N) July 18 21
Canal Electric Co – Computer to control new plant at Canal plant (N) Dec. 26 60
Carolina Power & Light Co – All-electric nursing home: patient comfort is aim (N) Dec. 12 88
All-electric schools gain in N.C. (N) Oct. 10 .. 13
Applies for nuclear plant permit (N) Aug. 15 .. 22
Coal-fired unit automated completely at Lee Station. E.G. Hollowell July 25 ..... *41
Lake size based on cooling needs of four-unit plant. Ed. E. Utley Aug. 8 ..... *64
Newspaper praises aid to farmers (N) Sept. 12.. 22
President knocks generation plan (N) Oct. 24.. 21
Central Electricity Generating Board – Ferry-bridge collapse report cites wind-force design. J.H.M. Sykes Dec. 26 ..... *42
Government spending cutback crimps CEGB (N) Aug. 1 13
Central Hudson Gas & Electric Co – Hudson Basin alternative plan suggested (N) Nov. 7 21
Central Illinois Gas & Electric Co – Commonwealth Edison merger okayed by FPC (N) Dec. 12 60
Merger with Commonwealth Edison defended (N) Aug. 1 21
Central Illinois Public Service Co., Eastern Div – Sign gives early warning. R.L. Cardinal Dec. 12 ..... *106
Centrale Thermique de Vouvry S.A. – Swiss build first big thermal plant on hillside July 18 ..... *19
Chattanooga Electric Power Board – Reaches milestone for all-electric homes (N) Sept. 19.... *61
Chelan County PUD – Four more generating units sought for Rocky Reach (N) Aug. 29 21
Rocky Reach Dam – Tourists' coins replace airborne litter (N) Dec. 5 18
Chrysler Corp – Electric car idea is out front again Dec. 12 ..... *72
Chubu Electric Power Co – Electric car (N) Sept. 12 13
Chugoku Electric Power Co – Rate cut disturbs other utilities (N) Sept. 12 22
Cleveland Electric Illuminating Co – CEI, Ohio city combine to fight air pollution (N) Dec. 5 .. 20
Decentralizes operations for better service at less cost (map) Oct. 24 ..... *31
"Lightmobile" truck shows way to better outdoor lighting (N) Nov. 28 ..... *95
Merger with Ohio Edison Co "quite likely" (N) Nov. 7 12
Modified pole-top transformer helps to cut URD costs Sept. 19 135
Colorado Ute Electric Assn – FPC asked to help save co-op (N) Sept. 19 61
Hayden plant – FPC to await court ruling (N) Oct. 24 18
Supreme Court declines plea (N) Oct. 31 31
"Illegal plant keeps going (N) Dec. 26 27
Columbia Helicopters, Inc – Portland GE – 'Copter sprays protective coating on wood spar arms. S.P. Samsel Dec. 12 ..... *101
Combustion Engineering Co – Chattanooga plant strike ends (N) Sept. 19 56
Design, processing improve nuclear reactor vessels. W.G. Benz Jr Dec. 5 ..... *29
Commonwealth Edison Co – Adds 138-kv spur (N) July 25 ..... *33
All-grey distribution goes on trial. I.R. Lietzke Aug. 1 ..... *35
'Batter up' heard on right-of-way Aug. 22 73
Buys fourth 809-Mw nuclear unit (N) July 25.... 26
Central Illinois merger (N) Aug. 1-21, (N) Dec. 12 60
School, office building use heat with light (N) Nov. 14 ..... *133
Slurry system disposes of flyash Aug. 22 ..... *67
Spinning reserve policy – IEEE meeting Sept. 5 44
Total-electric gets boost in high-rise dwellings. W.C. Mescher Sept. 12 ..... *36
Community Public Service Co – Carry air tank for quick test of gloves. Ervin Adams Nov. 14 ... *96
Connecticut Light & Power Co – Colorful tents draw allies to electric heating displays (N) Nov. 14 ..... *134
Our environment report: $4 million ear-marked for recreation in 1,000-Mw pumped storage project – Northfield Mt. Wirth & Thorpe Aug. 22 ..... *62
Sales personnel gets facts on hydronic heating (N) Oct. 10 ..... *45
Connecticut Yankee Atomic Co – Breaks ground for Millstone Nuclear Power Station (N) Aug. 8 ..... *49

Consolidated Edison Co – Aluminum-bronze inserts lick condenser tube pitting Aug. 8 100
Asks 3% rate hike (N) Aug. 8 46
Comments on two Hudson River bills (N) Aug. 15 22
Considers nuclear plant in 1,000-Mw range (N) Nov. 14 65
Cornwall hearings to focus on alternatives (N) Nov. 28 ..... *61
Cornwall – How beautiful is Cornwall? (N) Dec. 12 ..... *59
Cornwall much cheaper than other peaking, says Con Ed (N) Sept. 19 60
Cornwall project – burying Cornwall would detour New York City's water supply (N) Nov. 28 51
"Dig we must" signs to change colors (N) July 18 21
EHV cable put under New York harbor Aug. 22.. *73
Fault locator being checked out (table) Sept. 19 ..... *174
Guide tours explain choice of plant sites (N) Dec. 19 21
High-speed translator ups efficacy of system study operations Aug. 8 76
Indian Point 2 weighed by AEC (N) Sept. 26 18
Recommends permit (N) Oct. 10 13
On-job training makes substation operators. M.J. Rebori Dec. 19 32
Opposition grows to rate hike (N) Aug. 29 12
Paper bags for scrap copper Sept. 19 162
Precipitator cleans largest steam unit (table) Aug. 22 ..... *68
Ravenswood generating station new facility allows dual fuel supply (N) Aug. 8 ..... *87
Substation design with scale models. Rosen & Higbie Aug. 8 ..... *122
Switch to gas lessens air pollution (N) Dec. 5.. 12
Tests seek to capture oil ash Aug. 22 ..... *72
Consolidation Coal Co – Continental Oil merger (N) Sept. 5 26
Merged companies plan total energy marketing (N) Oct. 3 ..... *143
Consumers Power Co – Environment dictates new look in overhead Aug. 8 ..... *70
Gives its emblem modern touch (N) Aug. 22 .... *45
Michigan utilities give plan for control center (N) Oct. 31 98
Visits by safety teams bouy division safety efforts. J.V. Feahr Nov. 21 31
Consumers Public Power District – Court blocks merger of Nebraska power districts (N, map) Aug. 22 41
Hallam nuclear facility will be dismantled (N) Aug. 22 92
Nebraska outage (N) July 18 11
Giant heat wave bares weak spots (N) July 25 ..... *29
Continental Oil Co – Acquisition of Consolidation Coal approved (N) Sept. 5 26
Acquisition of Consolidation Coal – merged companies plan total energy marketing (N) Oct. 3 ..... *143
Control Data Corp – Super-Trol II control system developed (N) Sept. 26 ..... *47
Controls Co of America – House on roof tests heating, cooling units (N) Nov. 28 ..... *97

Dallas Power & Light Co – Parks developed on station land Aug. 22 ..... *76
Sodium cable runs through more paces (N) July 25 ..... *34
Delmarva Power & Light Co – Drops out of proposed merger (N) July 4 12
Detroit Edison Co – Beneficial use of flyash expands (table) Aug. 22 ..... *68
Display sign identifies car during field work. J.E. Stratton Jr. Dec. 12 ..... *167
IBEW comes to terms after 35-day strike (N) July 11 47
Michigan utilities give plans for control center (N) Oct. 31 98
Plans air pollution control program (N) Sept. 26 21
Strikes – one settled, another near end (N) July 4 11
Vinyl tubes protect rope splices. J.R. Kelley Dec. 12 ..... *122
Duke Power Co – Asks construction permit for Oconee Nuclear Station (N) Dec. 12 53
Barrier covers primary padmount compartment. R.W. Hawkins Sept. 19 ..... *164

(Ed) Editorial. *Illustrated. (N) News.

Beautility figures in compact meter setup. Rupert Lail July 25 ... *56
Engineers prep for first nuclear station (N) Dec. 26 ... *27
Keowee-Toxaway project cleared by FPC (N) Oct. 3 ... 77
Pays bonus for Greenwood County, S.C. system (N) Oct. 10 ... 21
To finance water heaters (N) Nov. 14 ... 133
Duquesne Light Co – Zoo's who to enjoy benefits of electric living (N) Nov. 21 ... *45

EBASCO Services Inc – Are utilities outrunning obsolescence? (N, table) Dec. 5 ... 39
Electricite de France – French plan tight systems for country and capital. J.H.M. Sykes (maps & table) Dec. 12 ... *67
French stem the tides – Rance tidal project (N) Nov. 7 ... *17
Esna – Second generation connectors ups UD security, eases maintenance. Guidera & Ruete Sept. 19 ... *86
Essex Wire Corp – Plans $7.6 million wire plant (N) July 25 ... 69

Federal Pacific Electric Co – Sales office and warehouse planned (N) Dec. 26 ... 60
Florida Power Corp – Economic study prompts choice of 25-kv distribution. E.J. O'Connor (map) Sept. 5 ... 47
'Gallop-in' window (N) July 11 ... *56
Let's take the high road to greater sales growth. W.B. Shenk Oct. 3 ... *104
Restaurant crosses absorption cooling off the menu. T.I. Wetherington Jr Dec. 12 ... *88
Florida P&L Co – Argues against FPC jurisdiction. (N) Dec. 5 ... 11
Commercial cooking caravan hits the road for Florida P&L. F.W. Connell Sept. 5 ... *42
FPC examiner nixes gas bid (N) July 18 ... 12
Fights FPC jurisdiction (N, map) Dec. 12 ... 60
Lonely frogs create maintenance misery Dec. 12 ... 168
Ordered to cut rates (N) Nov, 14 ... 65
Salt storm dims power facilities (N) Oct. 10 ... 11
Supplemental medical coverage to Medicare for employees (N) July 18 ... 21
Turkey Point siting features contrasted Aug. 22 ... *75
Ford Motor Co – Electric car idea is out front again Dec. 12 ... *72
Key feature of electric car is sodium-sulfide battery (N) Oct. 10 ... 11
Testing prototypes of electric cars (N) Oct. 3 ... 79
Foster Wheeler Corp – Engineers move to new facility (N) Nov. 14 ... 137

General Cable Corp – Aluminum production plant planned (N) Dec. 12 ... 56
General Dynamics Corp – New lighting boosts ft-c levels, cuts maintenance (N) Dec. 12 ... *87
General Electric Co – Antitrust suit seeks test of light bulb sales system (N) Oct. 3 ... 80
Approach to a standard for residential subway transformer systems. R.F. Propst Aug. 8 ... *75
'Cage' ties into 345 kv for field surge tests. G.W. Alexander Aug. 1 ... *29
Computer designs distribution protection. G.G. Auer & others Dec. 12 ... 78
Contract talks (N) Sept. 5-26, (N) Oct. 3-80, (N) Oct. 24-14, (N) Oct. 31 ... 34
Contract to furnish reactor and generator to Yankee (N) Aug. 29 ... 21
Hearings open on NLRB action (N) Aug. 1 ... 14
Hopes for averting strike fade (N) Oct. 17 ... 74
HVDC transformer passes electrical tests series (N) Dec. 5 ... *47
HVDC wall bushing tested (N) Oct. 24 ... *47
IUE labor contract (N) Aug. 15-14, (N) Aug. 29-14, (N) Sept. 26-14, (N) Oct. 10 ... 14
Makes plans for manufacturing of heavy electrical equipment abroad (N) Dec. 19 ... 14
Meter tapes readied directly for computer. N.I. Saven Oct. 17 ... *89
Names W.H. Dennler head of Electric Utility Group (N) Nov. 14 ... *74
Nuclear fuel costs lower; systems higher (N) Sept. 5 ... 73
Overhead design program advances Nov. 28 ... *84
Overvoltage transients follow load rejection. Hedman & Schulz Oct. 3 ... 107
Plans nuclear fuel recovery plant (N) Sept. 26 ... 21
Prove-safe voltage and fault indication system for URD. R.H. Arndt Sept. 19 ... *85

Redesign trims fat off substation transformers. E.L. Hoyle Oct. 31 ... *61
Saskatchewan in bid for plant (N) July 4 ... 21
Solventless resin cuts motor repair downtime (N) July 11 ... *101
34.5-kv URD proves economical. Van Wormer & Smith Aug. 15 ... *29
Threats fast, talks slow on suppliers' labor pacts (N) July 11 ... 55
Transformer size and weight cut (N) July 4 ... 47
Transformer's non-metallic tank makes 13 kv safer. B.V. Giegerch & others Oct. 3 ... 102
Voltage regulators needed to reduce URD costs. H.G. Sokop Sept. 19 ... *75
Wage increase of 4% per year offered unions (N) Sept. 19 ... 56
What next in automating system operation? R. Don Webster Nov. 14 ... 90

General Motors Co – Electric car is out front again Dec. 12 ... *72
Georgia Power Co – What's behind industrial boom in area? (table) Oct 31 ... *52
Gulf States Utilities – Strike settled (N) Nov. 21 ... 11
Texas do-it-yourself now buys his power (N) Oct. 24 ... 21
Gulton Industries – Acquires Southern States Inc (N) Nov. 7 ... 14

Hagan Controls Corp – Control components aid boiler safety (N) Oct 24 ... 47
Hartford Electric Light Co – Our environment report: $4 million earmarked for recreation in 1,000-Mw pumped storage project – Northfield Mt. Wirth & Thorpe Aug. 22 ... *62
Heath, Inc – Sonics, plus x-rays spot pole decay Aug. 8 ... *107
Holyoke Water Power Co – Northeast Utilities offers to acquire stock (N) Nov. 14 ... 66
Honeywell Inc – Computer to cut costs at Grand Coulee facility (N) July 25 ... *67
Plans course on electric heating controls (N) Aug. 1 ... 45
Houston Lighting & Power Co – Heavy columns slim building (N) Dec. 12 ... *94

Idaho Power Co – New double-braided rope proves ideal for stringing, winching. Neil MacKenna Dec. 26 ... *51
Illinois Bell Telephone Co – Underground equipment demonstrated (N) Oct. 10 ... *47
Illinois Power Co – Chooses coal for new unit (N) Sept 5 ... 25
Strike averted (N) Sept. 19 ... 53
10-year refurbishing begins on city, farm distribution Sept. 19 ... *82
Time-saving indicated by plowing-in of cable Sept. 19 ... *112
Indian Valley Light & Power Co – Merger with Pacific G&E (N) Aug. 29 ... 21
Indiana & Michigan Electric Co – Improved heating cable fault locator proves its worth. Miller & Small Aug. 8 ... *99
Monitoring device warns of stopped turbine rotor. O.C. Swihart July 25 ... 55
Quick field tests ensure hygrometer accuracy. J.S. Skekloff Aug. 22 ... *59
Ingersoll-Rand Co – Test checks condenser water boxes (N) Nov. 28 ... *100
International Business Machines Corp – Machine reads handwritten business forms (N) Oct. 17 ... 136
Iowa Electric Light & Power Co – Total-electric operating center doubles as showcase. Collins & Ford Aug. 8 ... *68
Iowa Power & Light Co – Tubular tower rises 136 feet, 11 feet across (N) Dec. 5 ... *47
Iowa Public Service – Brings complaint against Reclamation Bureau (N) Oct. 17 ... 71
Iowa Southern Utilities Co – Employees gain proficiency with meter circuit board. H.B. Halcomb Dec. 12 ... *104

Japan Atomic Power Co – Heat exchanger will be repaired during reactor shutdown (N) Nov. 21 ... 23
Jersey Central Power & Light Co – Leisure World: Tops in UD and total electric. S.W. Laird Sept. 19 ... 141
Traffic cone amplifies capacitive 'thump' to point out URD cable faults. R.N. Wells Jr Aug. 8 ... *120
Joslyn Mfg & Supply Co – New facility equipped to test EHV structures (N) July 18 ... *47
Testing scheduled on 500-kv wood pole structure (N) Aug. 1 ... 14
Wood design for 500-kv meets heavy loading tests (N) Aug. 8 ... *85

Kansas City Power & Light Co – Junk electric meters yield pearls to the handicapped (N) Dec. 19 ... *19
Quick substation conversion from 2.4 to 15 kv Sept. 19 ... *100
Kansas Gas & Electric Co – Expanding device aligns lighting standard for welding. G.F. Myers Oct. 31 ... *60
"Homemade" form gives quick estimate of electric heating cost (N) Dec. 5 ... 45
Strap-on lanterns light poles, trailers. B.F. Ziegler Oct. 3 ... *110
Symbols guide 'green' meter readers. James Dean Nov. 14 ... 95
Two devices pull lead-line through duct or riser. George Chandler Sept. 19 ... *122
Used auto pumps clean up messy oil-changing job. Myrtis Cares Dec. 12 ... *119
Kearney-National Inc – Employees to aid candidates (N) Oct. 31 ... 70
Kennecott Copper – Peabody Coal acquisition considered (N) July 18-14, (N) July 25 ... 26

Lapp Insulator Co – Insulator plant at site in Georgia (N) Aug. 15-14, Aug. 22 ... *91
Sandersville, Ga. plant's ground breaking held (N) Oct. 31 ... *70
Student employment aids more than 800 (N) Sept. 12 ... 47
Line Material Industries – New facility will make station-class arresters (N) Dec. 19 ... *47
Litton Industries Inc – Merger with Louis Allis Co (N) Oct. 3 ... 80
Long Island Lighting Co – How spinning reserve policy worked in November blackout – IEEE meeting Sept. 5 ... *44
Laminated wood utility structures combine aesthetics and economy Oct. 31 ... *62
LILCO gives helping hand to handicapped boys, girls July 4 ... *36
Northport features off-shore oil depot, noise abatement. Wells & Kelly Oct. 31 ... *47
Switch to gas lessens air pollution (N) Dec. 5 ... 12
URD gains momentum in Long Island. K.D. Smalling Sept. 19 ... *169
Los Angeles Department of Water & Power
End of fossil-fueled plants for LA Basin? (N) Sept. 26 ... 21
Malibu station gets construction permit (N) Aug. 1 ... 21
Pacific Intertie ± 400-kv dc line design parameters determined (table) July 18 ... *31
Louisiana Power & Light Co – Projector screen enlarges diagrams before operator. Cheramie & Serice Sept. 26 ... *29

Main, Charles T. Inc. – Public invited to share transmission right of way. H.S. Conover Oct. 10 ... *31
Maine Yankee Atomic Power – Gets green light for financing (N) July 25 ... 24
McGraw-Edison Co – Burial dictates rugged transformer coatings; boost testing demands. H.W. Dornbush Nov. 28 ... 83
Fault-gas monitor warns of transformer trouble (N) July 4 ... *47
Fuse-type cable limiter clears fault in ½ cycle. M.R. Smith Dec. 12 ... *81
Lab tests simulate URD transformer conditions. G.R. Acker Sept. 19 ... *78
Optimize OCB interrupter by varying its exhaust area. W.J. Smith Oct. 3 ... *111
Transformer production to be boosted (N) Nov. 21 ... 47
Memco Engineering & Manufacturing Co – Vertical reach switch proposed for 765 kv (N) Aug. 15 ... *47
Memphis Light, Gas & Water Division – Tighten couplings on ground rods Aug. 8 ... *117
Metropolitan Edison Co – Tap changers use vacuum interrupters (N) Aug. 8 ... *85
Total-electric outbids gas for office building (N, table) Oct. 31 ... *66
Trouble-free Y-splices made with adhesive epoxy putty Dec. 12 ... *120
UD policies set (N) Oct. 10 ... 19
Metropolitan Water District of Southern California – Approves plans for largest water-kw plant (N) Aug. 29 ... 19
Middle West Service Co – Marketing ideas obsolete? Time for a trade-in Aug. 8 ... *167
Mississippi Power Co – Towboat brings coal to Gulf Coast (N) Sept. 26 ... *18
Mississippi Power & Light Co – Dedicates 500-Mva Braswell substation (N) Sept. 19 ... *62
Missouri Public Services Co Utility foots bill for street lights. J.W. Stephens Sept. 19 ... 167

(Ed) Editorial. *Illustrated. (N) News.

Moloney Electric Co – 70th anniversary (N) Dec. 26 ... 59
Montana Power Co – Fused pedestal protects UD services. S.W. Hedrick Sept. 19 ... *137
Moore, Samuel & Co – Test hydraulic hose for hv conductivity. R.C. Hale July 25 ... 53
Multi-Amp Corp – Frequency generator eases testing of frequency sensitive devices. E.R. Redlhammer Oct. 3 ... *112

Nebraska Public Power System – Court blocks merger of Nebraska power districts (N, map) Aug. 22 ... 41
Outage (N) July 18 ... 11
Giant heat wave bares weak spots (N) July 25 ... *29
Nevada Power Co – Coal-fired plant lights off burners automatically. Zomes & Olson Nov. 28 ... 71
Files against isolated generation developer (N) Nov. 28 ... 51
Las Vegas, 'glitter' load needs higher voltage. R. J. Hesketh Oct. 24 ... 34
Las Vegas, Nevada outage (N) Nov. 21 ... 11
New England Electric System – New England's big three launch affiliation study (N) (map) Sept. 5 ... 31
New Orleans Public Service, Inc – Added storage space 'found' on utility bucket trucks. E. W. Tschirn Aug. 8 ... *116
Davit on bucket speeds globe cleaning J. F. Trauth Aug. 8 ... *97
End scuffed roads. R. G. LeBlanc Sept. 5 ... *52
Extension arms add work space. George Kloppenburg Dec. 12 ... *116
Hydraulic ram assembles steel pole section in field. Milton E. Landry Aug. 8 ... *115
Inner tube solves holding problem. R. G. LeBlanc Aug. 8 ... *118
Mats protect street, add bearing surface Aug. 8 ... 104
Pipe section guards shuttle valve. C. M. McCarran Sept. 5 ... *52
640-Mva transformer goes to Michoud plant (N) Oct. 17 ... *136
Tank catches spilled hydraulic fluid. E. W. Tschirn Aug. 8 ... *94
NY State Power Pool – Utilities form statewide power pool (N) Aug. 8 ... 39
Niagara Mohawk Power Corp – Block-long substation planned in Buffalo (N) Oct. 24 ... 21
Computer designs distribution protection. R. A. Wylie & others Dec. 12 ... 78
NY has no more hydro sites (N) Dec. 5 ... 20
Ultrasonics slash cost of cleaning demand registers. Anselmo Fini Nov. 28 ... *85
Northeast Interconnected Electric Power Systems – Report finds systems must hold ties in emergencies Dec. 5 ... 31
Northeast Utilities – New England's big three launch affiliation study (N) (map) Sept. 5 ... 31
Offer to acquire Holyoke Water Power Co (N) Nov. 14 ... 66
Offers new policy for municipals (N) Dec. 19 ... 18
Northern States Power Co – 'Cage' ties into 345 kv for field surge tests. L. C. Weber Aug. 1 ... *29
Company opposes creation of a metropolitan rate regulatory agency (N) July 18 ... 18
New distribution carrier system proved out by test. Slothower & Howard Nov. 7 ... *29
Plans to shut down 17 small hydroelectric plants (N) Oct. 10 ... 21
Regional center to coordinate pooling group. E. C. Glass Nov. 14 ... *106
Specify, train, and inspect for aerial bucket safety. W. A. Rigg Aug. 8 ... *91
Nova Scotia Light and Power Co – Hydro set in 17th century French mill Aug. 22 ... *75

Ohio Brass Co – Designs for AEP's 765-kv line researched (N) July 25 ... 67
Laboratory tests prove arresters (N) Nov. 7 ... *45
Transmission tower provides realistic, universal test portal July 25 ... *54
Ohio Edison Co – Farm of the future (N) Aug 29-13 (N) Sept. 5 ... *32
Merger with CEI "quite likely" (N) Nov. 7 ... 12
Ohio Power Co – Ormet's interests in Kammer Station sought (N) Dec. 19 ... 21
Oklahoma Gas & Electric Co – Add bracket to padmounts for CT installation. E. Stanley Sept. 19 ... 143
Okonite Co – Plans new plant in California (N) Nov. 7 ... *45
Preassembled wiring used in 800-ft Keystone stack (N) July 11 ... *102
Ontario Hydro-Electric Power Commission – To finance electrical modernization (N) Dec. 26 ... 57
$26-million water project (N) July 18 ... 21
Water depression changes generators to condensers. J. R. Taylor Aug. 22 ... 53
Orcas Power & Light Co – Sub cable promises island an outage-free winter Dec. 12 ... *116
34.5-kv cable in place (N) Oct. 31 ... *37
Ormet Generating Corp – Interests in Kammer Station sought (N) Dec. 19 ... 21

Pacific Gas & Electric Co – BART construction in high gear; PG&E faces extensive relocation work July 11 ... *84
Buys nuclear reactor (N) Nov. 21 ... 14
Chooses nuclear plant site (N) Sept. 26-12, (N) Oct. 10 ... 18
Christmas tree for the White House (N) Nov. 7 ... 13
41 geothermal steam wells available at Big Geysers (N) Dec. 19 ... 21
Guide tours explain choice of plant sites (N) Dec. 19 ... 21
Merger with Indian Valley Light & Power Co (N) Aug. 29 ... 21
Pressure pillows measure water content of snow Aug. 22 ... *60
Skirting the fuss over nuclear siting as it selects Diablo Canyon for next unit (N) Nov. 14 ... *71
SLAC project – accelerator's 20-Bev beam takes heavy power input. A. A. Tseng (tables) Aug. 8 ... *61
Test checks condenser water boxes (N) Nov. 28 ... *100
Touch of Spain masks 'substacion' (N) Oct. 24 ... *18
Wheeled scaffold provides 'safe service' to aerial lifts Nov. 28 ... *86
Pacific Power & Light Co – Ash control included in unit set in open plain Aug. 22 ... *72
Vibrating 'tooth' plows rural line into road shoulder. Clay Brown Sept. 19 ... *111
Parson Brinkerhoff-Tudor-Bechtel – Ac or dc for BART rapid transit? C. K. Olsen & others July 11 ... *82
Peabody Coal Co – Booklet predicts coal tonnage doubling by 1980 (N) Aug. 15 ... 22
Coal orders set record (N) Nov. 14 ... 68
Kennecott Copper considers acquisition (N) July 18-14, (N) July 25 ... 26
Pennsylvania Electric Co – Evaluates plowing equipment Sept. 19 ... *148
Keystone station gets rotating platform (N) Sept. 19 ... *249
Pennsylvania-New Jersey-Maryland Interconnection – Forecasting errors allowed for – IEEE meeting Sept. 5 ... 44
Pennsylvania Power & Light Co – Plans first nuclear plant (N) Nov. 7 ... 21
Third unit train (N) Oct. 3 ... 144
Pennsylvania Transformer Co – Full production resumes after 21-week shutdown (N) Sept. 5 ... *71
Plans $10-million expansion (N) Dec. 26 ... 20
Peoples Gas Light & Coke Co – Spurs Illinois to probe promotion practices (N) July 25 ... 33
Phelps Dodge Mfg Co – Desalting tubes set record (N) Dec. 26 ... 59
Philadelphia Electric Co – Atlantic City Electric merger, Delmarva P&L drops out (N) July 4 ... 12
Atlantic City merger talks off (N) Sept. 16 ... 11
Embarks on its largest ad campaign (N) Aug. 22 ... 87
Giant turbines for Muddy Run plant (N) Sept. 26 ... *47
Muddy Run pumped storage: big capacity at low cost. W. H. Dickinson (map) July 4 ... *31
Underground kvar program awaits proper switched unit Oct. 10 ... 32
Portland General Electric Co – 'Copter sprays protective coating on wood spar arms. J. P. Samsel Dec. 12 ... *101
Potomac Electric Power Co – Warns of extra charges for URD (N) Aug. 15 ... 22
Power Reactor Development Co – Enrico Fermi breeder-reactor generates 1-million kwhr (N) Aug. 15 ... 12
Public Service Co of Colorado – Community compatibility factor in station designs Oct. 31 ... *54
Electric heating cable to warm greyhound track (N) Dec. 26 ... *57
Facility to test helium circulator (N) Sept. 19 ... 249
$4-million precipitator bill is gauge of good-will Oct. 24 ... *33
Rig performs triple duty Aug. 8 ... *94
Public Service Co of Indiana – Markland station soon to be in operation (N) Nov. 21 ... *47
To replace precipitators at $10 million cost (N) Nov. 21 ... 20
Public Service Co of New Hampshire – $57 million on EHV program (N) Dec. 5 ... 20
Public Service Co of New Mexico – Spare plastic duct provides 'hole' for future cable. J. McCan Sept. 19 ... *157
Public Service Co of Oklahoma – Evaluation program nets standard hot-line tool kits, retires old tools, Johnie Holeman & others Dec. 12 ... *114
Mark hot sticks for safe minimum working distances. Ira Smithee Oct. 17 ... *95
Public Service Electric & Gas Co – Pumped storage limit set – IEEE meeting Sept. 5 ... 44
Switch to gas lessens air pollution (N) Dec. 5 ... 12
Transformer's non-metallic tank makes 15 kv safer. H. L. Thwaites & others Oct. 3 ... 102
Puget Sound Power & Light Co – Overhead crew quick-shifted to UD work Sept. 19 ... *95
Plans 64 college scholarships (N) Aug. 1 ... 21
Substation blends into wooded, sloped terrain Oct. 17 ... *92
Subsurface junction box for primary taps. C. Eide Sept. 19 ... *158
Tells public about underground projects (N) Aug. 1 ... *19

Quebec Hydro Electric Comm – Churchill Falls power agreement – Hydro Quebec sitting in the driver's seat (N, map) Oct. 31 ... 105
Considers 1,200-Mw nuclear unit (N) Oct. 31 ... 32
Will US get a share of Churchill Falls power? (N) Oct. 17 ... *79

Raft River Rural Electric Co-op – Bids to serve Utah plants (N) Oct. 3 ... 85
Reliance Electric & Engineering Co – $19-million capital improvement program (N) July 11 ... 102

Sacramento Municipal Utility District – SMUD buries 22 transformers. Jones & Browning Sept 19 ... *147
Samson Cordage Works – New double-braided rope proves ideal for stringing, winching. Neil MacKenna Dec. 26 ... *51
San Antionio City PS – URD slowed by copper shortage (N) Nov. 14 ... 131
San Diego Gas & Electric Co – Adapter plate maintains circuit during transformer changeout. H. C. Zalabak Sept. 19 ... *126
'Dresses up' in aesthetically pleasing poles and equipment Sept. 5 ... *51
Gas turbine will be used for peaking (N) Nov. 14 ... *137
Plow-in technique speeds buried circuit to mountain top. W. A. Davis Dec. 12 ... *109
San Onofre plant nears completion Aug. 15 ... *32
Work begins on 'model' for desalting unit (N) Sept. 12 ... *21
San Francisco Bay Area Rapid Transit District (BART) – Ac or dc for BART rapid transit? D. N. Aboudana & others July 11 ... *82
Electric rapid transit: a multi-faceted opportunity – report. M. G. McGraw July 11 ... *71-90
Sangamo Electric Co – Buys assets of Transitel (N) July 11 ... 50
Scotland Electricity Board – Rate boost needed (N) July 4 ... 21
Seattle City Light – Converting huge project to UD (N) Nov. 21 ... 23
Sigma Industries, Inc – Screw cap permits re-entry to submersible splice Sept. 19 ... *154
Simplex Wire & Cable Co – Building manufacturing complex in Maine (N) Aug. 22 ... *92
URD plant in Maine (N) Aug. 15 ... 14
South Carolina Electric & Gas Co – Golfers play and relax in total-electric comfort at 7 Lakes golf course at North Augusta, S.C. Sept. 12 ... *45
Hv structures foresee second circuit. M. C. Johnson Nov. 14 ... *95
Neal Shoals plant to be fully automated (N) July 18 ... 21
Southern California Edison Co – Cable splicing van is compact, functional Sept. 19 ... *112
Custom-rigged truck lays cable directly into trench Sept. 19 ... *152
Double breaker failure knocks out Alamitos station (N) July 25 ... 24
Jet engines to power four peak stations (N) Oct. 31 ... *72
New double-braided rope proves ideal for stringing, winching. Neil MacKenna Dec. 26 ... *51
San Onofre plant nears completion Aug. 15 ... *32
UD hearings off until Nov. 16 (N) Nov. 7 ... 21
Southern States Inc – Acquired by Gulton Industries (N) Nov. 7 ... 14
Southwestern Public Service Co – Texas community rejects plan for municipal plant (N) Nov. 21 ... 23
Steams-Roger Corp – Coal-fired plant lights off burners automatically. Zomes & Olson Nov. 28 ... *71
Stone & Webster Engineering Corp – Lab model fixes thermal pattern Aug. 22 ... *78

(Ed) Editorial. * Illustrated. (N) News.

Report finds systems must hold ties in emergencies Dec. 5 ... 31
Studebaker Corp – Wagner Electric merger (N) Dec 26 ... 20
Surconsult Asociados – Southern Peru develops industrial potential. Carrasco E. & Carrasco Aug. 22 ... *58
Sylvania Electric Products, Inc – Lighting developments (N) Aug. 1 ... 45

Tacoma City Light Co – Mossyrock Dam faces hike in construction costs (N) Dec. 19 ... 21
Texas Electric Service Co – Conductors bundled at 60 ft/min Oct. 17 ... *96
Expand communications, install cranking power. J. M. Pennebaker Nov. 14 ... *110
Once-through steam unit serving 500-Mw station (N) Aug. 8 ... *86
Tokyo Electric Power Co – Yokosuka plant called largest in Asia (N) Aug. 8 ... *50
Tokyo Shibaura Electric Co – BPA orders largest transformers (N) Nov. 14 ... 138
Dc motor has no brush (N) Nov. 7 ... 45
Toledo Edison Co – Plant chemists monitor oil, water, and coal. J. S. Grant Sept. 12 ... *29
Toshiba – Largest circuit breaker of type tested (N) Oct. 3 ... *150
Transitel International – Sangamo buys assets (N) July 11 ... 50
Trico Electric Cooperative, Inc – Arizona court settles utilities' area dispute (N) Dec. 19 ... 21
Tri-State Generation & Transmission Assn, Inc. – Seeks to avoid rate regulation (N) July 11 ... 55
Utilities win round in co-op rate case (N) Aug. 1 ... 19
Tucson Gas & Electric Co – Arizona court settles utilities' area dispute (N) Dec. 19 ... 21

Union Electric Co – Accused of failing to give sufficient public notice in its July 11-12 power cutoffs (N) Aug. 15 ... *17
Closed circuit TV bolsters training and education programs Dec. 26 ... *49
Dozer blade moves 47% more coal July 11 ... *70
Finds coal cheaper than nuclear (N) Aug. 8 ... 40
Model helps in layout of Labadie Plant (N) Nov. 21 ... *20
St. Louis, Mo. outage (N) July 18 ... 11
Giant heat wave bares weak spots (N) July 25 ... *29
Uses get-well card to Reddy Kilowatt as theme for advertising following heat wave (N) Aug. 22 ... 87
United Illuminating Co – Portable or permanent air monitoring: which is best Aug. 22 ... 72
Strike goes into third week (N) July 4 ... 11

United Power Assn – Radio signal dumps coal from new unit train (N) Oct. 3 ... *87

Vermont Yankee Atomic Nuclear Power Corp – GE to furnish reactor and generator (N) Aug. 29 ... 21
Virginia Electric & Power Co – Competition sparks crew safety. T. Robbins Nov. 14 ... *96
Convert 115-kv H-frame line to double circuit with 230 kv. F.A. Shelton Aug. 8 ... *96
Light-weight cart maintains spacers and insulators. A. B. Comell Dec. 12 ... *102
Lucite tubes cover cable in pad-mount transformer Sept. 19 ... *154
New methods, tools cut URD installation time and costs Aug. 8 ... *108
Nuclear order to Westinghouse (N) Oct. 10 ... 14
Poles designed to provide clearances for conversion. Whitlow & Woodson Dec. 19 ... 29
Regulators crimp promotional allowances (N) July 4 ... 19
Resistors in 500-kv CB'S suppress surge voltage. C. R. Compton & others Nov. 21 ... *32
750-Mw nuclear plant planned (N) July 4 ... 11
34.5-kv URD proves economical. Smith & Van Wormer Aug. 15 ... *29
Vibrating plow aids cable laying. G. R. Lufsey Sept. 19 ... 151
Weir in hydro station helps dissolve waste dumped in river by others Aug. 22 ... *77
